### SECTION 1 - H630 - DEPARTMENT OF EDUCATION

New

*1.msa. (SDE: Magnet school athletics) From the funds authorized or appropriated in this act, a public magnet school that shares a physical campus with another public magnet school, must allow any student enrolled at a school on that physical campus to participate in an athletic sport not offered at the school in which the student is enrolled provided the student meets all age and academic requirements for participation. For the purposes of athletic competition classification, schools with students participating pursuant to the provisions of this proviso must not have their school enrollments joined or modified due to compliance with this proviso, nor shall any school be subjected to a change in athletic competition classification as a result of compliance with this section. All public schools and all public school districts receiving funds authorized or appropriated in this act are prohibited from expending any funds to pay membership dues or other funds to any organization that prevents a student from playing sub varsity or varsity athletics or changes or alters a school's athletic competition classification or competition status as a result of any school or school district's compliance with this proviso. This proviso shall not limit the ability of any magnet school student, provided the student meets all age and eligibility requirements, to otherwise elect to participate in sub varsity or varsity athletics at the student's zoned or resident school.*
